Professional Summary

Results-driven Software Engineer and Team Lead with 4+ years of experience delivering scalable web and mobile applications. Skilled in frontend frameworks, backend and cloud computing, DevOps practices. Proven ability to lead cross-functional teams, optimize performance, and deliver projects within SLA. Passionate about building enterprise-grade solutions that improve efficiency and user experience.

Work Experience

Lotus Beta Analytics | Lekki, Lagos State

Post Held: Team Lead / Software Developer [Dec. 2025 - Present]

Responsibilities:

- Led a team of developers to deliver enterprise automation system, reducing manual paperwork by 70%.
- Designed and implemented approval workflows in SharePoint/Power Automate, cutting approval cycle time from 5 days to 2 days.
- Mentored junior developers, improving team productivity and code quality through peer reviews and reusable component libraries.
- Collaborated with BA and UI/UX Team, ensuring SLA compliance and audit readiness.

Post Held: IT Specialist / Software Developer [February 2023 - Present]

Responsibilities:

- Developed and maintained visually appealing and responsive user interfaces using HTML, CSS, JavaScript, and TypeScript, ensuring a seamless user experience across devices and platforms.
- Implemented and maintained a robust component library for reusable UI elements, improving development efficiency and consistency.
- Optimized front-end performance by reducing load times, improving responsiveness, and utilizing caching mechanisms, leading to a better user experience and increased customer satisfaction.

Hightower Inc | Ado-Ekiti, Ekiti State

Post Held: Front-end Developer [June 2021- Jan 2023]

Responsibilities:

- Developed and maintained the front-end of various web applications using HTML, CSS, JavaScript, and React.js, ensuring user-friendliness and visual appeal.
- Implemented responsive design techniques to ensure web applications were accessible and functional across all devices, from desktops to mobile phones.
- Built and maintained interactive user interfaces, incorporating dynamic elements and user interactions to enhance the user experience.

One Soul Studio | Ado-Ekiti, Ekiti State
Post Held: Creative Designer / Media Personnel [2020 - May 2021]

Responsibilities:

- Led the planning and execution of all digital marketing efforts, including SEO/SEM, email marketing, social media campaigns, and display advertising, to drive brand awareness and customer engagement.
- Developed and implemented a content strategy, creating engaging and on-brand content across social media platforms to increase brand reach and audience engagement.
- Managed and produced high-quality visual content, including graphics, images, and videos, to enhance marketing campaigns and create a consistent brand identity.
